## **Energy Policy**

**“Reduce, Reuse, Recycle is the main motto of the policy “**

To promote environmental consciousness among students Dr. Ganesh Dass DAV College of Education has adopted Energy Conservation Policy. The purpose of energy conservation policy of college is to manage energy usage in such a systematic way to minimize its impact on environment. Listed below are several guidelines that are intended to manage and reduce energy consumption on all college campus. These guidelines should be followed by all stakeholders.

### **Policies**

- Installation of LED bulbs in the whole campus to save energy.
- Provide information through awareness programme to faculty and students on the energy saving measures.
- Energy conservation practices are promoted among students and staff members through:-
- Turn off the monitor when not in use.
- Maximum use of sunlight is promoted.
- Activate less power usage feature on monitor and phones when they are not working on it.
- Keep lights off in campus when they are not in use.
